

# FRC Team 3189 The Circuit Breakers

Monthly Newsletter  
November 2016

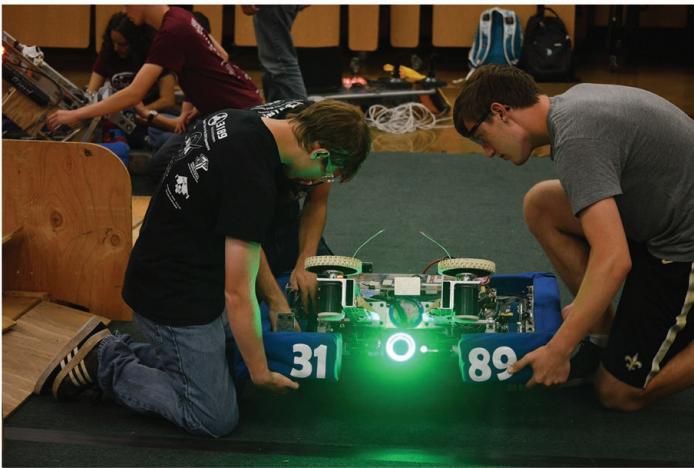

eduhdsrobotics.org

**Greetings parents, friends, students, and sponsors!**  
We are back for another great year of robotics here in El Dorado, CA. With off-season work at the lab beginning, community outreach taking place, and new students training, we are well on our way to the start of build season in early January 2017. We would like to thank those who have sponsored us so far, and members of the community for supporting us. With your support, we know this year is going to be a great one!

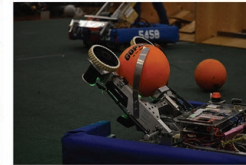

Team 3189 pictured with our 2016 robot "Orion" at Capital City Classic.

2017 Season Kickoff: January 7th

Students repairing "Orion" at the Capital City Classic practice area

Last month, we attended the Capital City Classic off-season competition at Cosumnes Oaks High School in Elk Grove, California. We brought last year's robot, "Orion" to compete. It was a great learning experience for new members of the team, and a good refresher for veteran Circuit Breakers.

## Thank You To Our Sponsors!

**Diamond (\$5,000+)**

None

**Gold (\$1,000 - \$4,999)**
